

Elon Musk is a billionaire entrepreneur, inventor, and engineer known for his work in electric vehicles, space exploration, and clean energy.

He was born on June 28, 1971, in Pretoria, South Africa. Musk is the founder and CEO of SpaceX, CEO and product architect of Tesla, Inc., and has been involved in several other ventures including Neuralink and The Boring Company.

Through SpaceX, Musk aims to reduce space transportation costs and enable the colonization of Mars. With Tesla, he has revolutionized the automotive industry by accelerating the world's transition to sustainable energy.

In 2022, Musk acquired Twitter, a popular social media platform, sparking wide public and media discussions.

Musk has become one of the most influential figures in the technology sector and continues to push the boundaries of innovation.
